Turf Line Winterizer Plus Dissolve® Weed Killer

WHEN TO USE:
September Through Mid-November

Fall is your last chance to control broad leaf and viney weeds. TURF LINE Winterizer plus Dissolve Weed Killer will control dandelions, plantain, chickweed, buckhorn, and most other lawn weeds. The NPK, high-phosphorus analysis is specially designed for fall application. It encourages root development and thickens turf without excessive leaf growth. This enables the lawn to better withstand the rigors of winter for a beautiful weed-free spring lawn.

Available in 5,000 and 10,000 Square Foot Bags

Eliminates Dandelions, Broad Leaf & Viney Type Weeds

Fortified With Essential Nutrients

12-16-10
